After due consideration, it was unanimously decided that after the answer book's observation, the arrangement to provide an opportunity to the students who are dissatisfied with the evaluation, to challenge the evaluation, was proposed as follows-

1. Student will receive standard/photocopy of the student's answer book evaluated through the currently prevalent system.

2. Students dissatisfied with the observation of the answer book will be able to apply for evaluation, within 15 days from the date of receipt of the photocopy of the answer book, pay a fee of Rs.3000/- per question paper.

3. Evaluation of the concerned answer book will be done separately by two evaluators nominated by the Vice-Chancellor other than the original evaluatorand the average of the marks awarded by both the evaluators will be taken.

4. If the difference between the marks awarded by the original evaluator and the average of the marks given by both the challenge evaluators is found to be 12 percent of the maximum score of the question paper, then the marks awarded by the original evaluator will not be changed and the fee deposited by the applicant will be confiscated.

5. If the difference between the marks awarded by the original evaluator and the average of the marks awarded by both the challenge evaluators is found to be more than 12% and up to 25% of the maximum

score of the question paper, then the marks awarded by the original evaluator will be replaced by the average score given by both the challenge evaluators. In such a situation, after deducting Rs.500/- from the fee deposited by the student, the remaining amount will be returned to him and a warning can be issued by the university against the evaluator.

6. If the difference between the marks awarded by the original evaluator and the average of the marks awarded by both the challenge evaluators is found to be more than 25 percent of the maximum marks in the question paper, such answer book will be re-evaluated by third evaluator nominated by the Vice-Chancellor. The marks awarded by the original evaluator will be replaced by the average of the marks awarded by all the three challenge evaluators. In such a situation, after deducting Rs.500/- from the fee deposited by the student, the remaining amount will be returned to him and strict action can be taken by the university against the original evaluator. If an evaluator commits error in the evaluation of answer books more than once as mentioned above, he/she may be debarred from all examination work.

7. If there is a change in the challenge process as mentioned in the above point 5 and 6, then the complete result will be declared after making amendments in the result of the student.
